## BETHEL PLAYERS NEED TALENT

Bethel Players plans for three one-act plays remain tentative pending the casting of "The Monkey's Paw," a dramatic mystery which calls for four men and one woman. Clinton Jenkins has agreed to direct this play. The other two plays have been cast and are ready to go into rehearsal.

At a meeting held Monday, Mrs. Warren Hastings, club president, announced that tentative production dates have been set for Friday and Saturday, November 20 and 21, at Bingham Hall. However, casting must be completed for the third play by this week end in order to provide the necessary time to prepare for these production dates. If there is anyone interested in contributing their talents, kindly contact Mrs. Hastings or Clinton Jenkins.

It is earnestly hoped that enough interest will be shown to complete the casting. Since the Players reactivated over a year ago for the purpose of continuing the Bethel Community Center Fund, and added \$800 with the proceeds of two successful productions, they are hopeful of having their fall production as planned in order to further boost this fund.

Rev. Robert Jackson was in Livermore recently attending a meeting of the Nazarene Young People's Bible Quiz Committee of which he is a member.

## COMMENTS FROM THE TOWN MANAGER'S OFFICE

The town highway crew will stockpile the sand for winter this next week. It was originally planned to do the Town Road Improvement on the Chapman Road off the Northwest Bethel road next but it is getting late in the season and sand will be put up now. We will put up about 1400 yards of sand mixed with rock salt. This is a little more sand than ordinarily is stockpiled but there isn't any left from last winter. Although last winter was a good one for plowing, more sand was used because of the large number of small storms.

A new Director of Civil Defense and Public Safety was appointed last week by the Selectmen. John Greenleaf was appointed to fill the vacancy created by the resignation of Steve Jacobs early last summer. Mr. Greenleaf will be in contact with the members of the Civil Defense Force and he plans to have a meeting of the whole organization a little later.

The planning board held a meeting last Thursday evening. The subjects discussed were zoning, mobile homes and signs. Mr. Heywood of the planning board presented the chairman of the planning board and the town manager with an up-to-date revision of the zoning ordinances and building code.

Some people are not able to get to the town office during the regular office hours to register to vote so I have set aside one evening before the election for registration. I will be in the office on the Friday evening of Oct. 30, 1964, from 7:00 p. m. to 9:00 p. m. to register persons who are unable to get to the office during the regular office hours.

## NEWRY TO START CONSTRUCTION OF SCHOOL BUILDING

After three months delay the Newry School Building Committee has received permission from the State to start construction of the new elementary school.

At a special town meeting in July it was voted to build a new two room elementary school. The project has been held up since that time awaiting approval of building plans by the state. A five acre lot for the new school was purchased from Mrs. Bessie Learned for \$500 and a well has been drilled at a cost of \$1,668. Some grading was done on the lot last week and excavation for the basement was scheduled to be done this week.

Bids for construction of the building will be received and it is expected that the contract will be awarded next week. It is said that the contract will have a two months time limit for completion of the building.

The building will be 48 by 56 feet with the basement constructed according to approved plans for a bomb shelter. There is a possibility that there might be some reimbursement on this type basement at a later date. The building will contain two class rooms, teacher room, janitor's room, lavatory and toilet facilities. One class room will run the entire length of the building and will have a movable partition. This may be used as one large or two small rooms. The new school, when completed, will replace the two one room schools now in use.

RESOLUTIONS OF  
RESPECT

Whereas it has pleased Our Heavenly Father to call from our midst our beloved sister, Mabelle Hibbs, and in view of the loss we have sustained—

Therefore be it resolved, that it is a just tribute to the memory of the departed to say, that in mourning her passing, we mourn for one who has been in the Grange for over fifty years, and was a cheerful, and diligent worker while she was able—

Therefore be it further resolved that we spread a copy of these resolutions on our records and have a copy printed in the Bethel Citizen.
